

CYPHER1 – WEB WORKER

SEC are about to release a **web based** method of sending Job Sheets directly to your operatives in the field.

A major benefit of **web worker** is that it is truly web based, which means that it is available from **ANY** web enabled hand held device, from Android style phones, to Palmtops, Laptops, Notebooks as well as PDA's.

.. As long as it connects to the web (via a Browser) it will work!

Features:

- ✓ Fast upload of Job Sheets.
- ✓ SMS text option to advise the operative there is a new job logged.
- ✓ Up-to-date job **status**.
- ✓ Links appointment with **Google Maps** tm.
- ✓ Related **Form** completion (Risk Assessment/ Health & Safety etc.).
- ✓ Van **Stock**.
- ✓ Site **Photo** capture.
- ✓ Customer **signature** capture.
- ✓ Operative **Rating**.
- ✓ Downloads the completed Job Sheet back into Cypher **Contract Costing** for actioning. *
(*needs **Costing & Maintenance** modules).
- ✓ Prompt issue of Customer **Invoice**. *
(*needs **Sales Invoicing** module).
- ✓ Simple to set up and use.

Monthly charges apply, payable by direct debit, dependant on the number of operatives.
